

June 2015 Quarterly report

Operations – Development of the Prestwood Mine

As previously announced, development of the historic Prestwood Gold Mine has been slowed whilst the board secures additional equity finance to complete the underground development work so that production can commence.

Subject to a successful fundraising (referred to below), the board intends to complete the underground development of the mine in the coming months so that production can commence.

Corporate Activity – Placement and Proposed Rights Issue

The Company intends to undertake a non-renounceable rights issue in the coming days to raise new equity. It is proposed to offer existing shareholders the right to subscribe for 1 new share for every 2 shares held at a subscription price of 0.4c per share. If all shares are subscribed for, the Company will raise approximately A\$1,375,000. Two of the Company's directors and major shareholders, Ms Manana Nhlanhla and Hugh Warner have advised the Company that their interests will subscribe for their full entitlements being A\$143,833 and A\$152,600.

The Company previously announced a share placement at 1.5c per Share to raise \$310,000 (equivalent to 3,000,000 South African Rand). As previously announced, the above placement was divided into three tranches and each tranche is subject to South African Reserve Bank approval for the overseas remittance of funds. The Company has again been advised by Vunani Capital Pty Ltd that it is working with the placee to finalise receipt of the balance of funds of approximately A\$206,000.
